

Tasha Lane

SOFTWARE DEVELOPER

PERSONAL PROFILE

As a professional I came across a need to build a solution to a problem I was having. Learning how to build the product on my own became a goal I set in 2017. I graduated from Trevecca with a Bachelor of Science in Software Development in the spring of 2020. Currently I am furthering my skills at Nashville Software School in back-end software development by building applications with REACT, C# and .NET Core. I am eager to use my software development skills and continue to grow and contribute to a collaborative engineering team.

CORE SKILLS

- JavaScript, Python, REACT, C#, .Net, Bootstrap, HTML, CSS3, ADO.NET core
- Work well both individually and in a team
- Can work with tight deadlines- Internal auditing. and deployment.
